Dave Rosing was present to discuss the approach going into Blackhawk Rd that he is bidding on. He wanted to verify that the location of the approach he had in the plans would work. The board said it would not be a problem.

Joe Lightowler discussed the variance requests received. Joe also stated there will be more building put up by the Toybox and they made a request for the township to take over maintenance of the road by the Toybox. The township stated that the road has to be up to Class A standards and then the township can take a look at the road.

L Kohler visited with **Bob Merritt of the DNR about the Ducks Unlimited fish grate** and the Dahlberg culvert that keeps plugging up. Bob stated that it was fine to add an extra culvert at the height we requested. L Stockert made suggestions to keep the logs from plugging the culvert and Lloyd will discuss options with him. L Kohler will also have Danny Olson move forward with the work on E Big Cormorant.

M Reep contacted Pat Kenney regarding Eilertson Lake Rd and he suggested we hold a public informational meeting to discuss the future of this road and possible assessment options involved with possibly moving the road. This would give the township input from the residents as well. This will be held Aug 25th at 7:30pm during our regular meeting.

A motion was made to adjourn at 8:10 pm by J Lightowler, 2nd by J Renslow and it carried.
